SUMMARY

I am a passionate software developer specializing in React.js and Next.js. Eager to leverage my skills and creativity to build intuitive and high-performing web applications.

Dedicated to staying updated with the latest technologies and best practices, I am committed to delivering seamless user experiences.

EXPERIENCE

Software Developer

RBIS TECHNOLOGIES

Pune, Maharashtra, India

07/2023 - Present

Assisted in the development of web applications

- Collaborated with project leads and senior developers on 3 projects.
- Developed responsive web applications with Next.js for enhanced user experiences
- Utilized Tailwind CSS to create visually appealing and modern UI designs.

Software Developer Intern

RBIS TECHNOLOGIES

Pune, Maharashtra, India

01/2023 - 06/2023

Software Development Activities

- Learned to work with various software development tools and platforms.
- Developed interactive and responsive user interfaces using React & Next.js to enhance overall user experience.
- Gained experience in version control using Git and collaboration on team projects.

PROJECTS

Aerem Sunstore

Mumbai, Maharashtra, India

<https://sunstore.co/>

- Next.js, TypeScript, Node.js, PostgreSQL, Tailwind, HTML, CSS were employed in crafting Aerem Sunstore, a Next.js and TypeScript-powered web application for solar product buyers.
- Developed by Aerem Finance, Aerem Sunstore stands as a testament to innovation, offering solar product buyers a user-friendly platform. Notably, the website boasts an extensive catalog featuring over 50+ products, contributing to a substantial increase in user satisfaction.
- Played a pivotal role in Aerem Sunstore, contributing significantly to 50% of frontend development, and implementing efficiency-enhancing features such as quotation generation and seamless purchase order and payment slip uploads.
- Aerem Sunstore, a product of Aerem Finance, is a Next.js and TypeScript-powered web application tailored for solar product buyers.

Aerem Aggregator

Mumbai, Maharashtra, India

- Orchestrated the development of Aerem Aggregator, seamlessly integrating Next.js, TypeScript, Node.js, PostgreSQL, and Bootstrap.
- Aerem Aggregator serves as a dedicated internal platform, fostering streamlined solar product trade interactions between sellers and buyers, particularly with Aerem Sunstore.
- Implemented features in the Aggregator app, including quotation generation and streamlined tax invoice uploads, contributing to a significant 20% reduction in processing time for solar product trade interactions.
- Crafted an intuitive user interface, optimizing the user experience for sellers navigating through the platform.

SKILLS

Next JS, React JS, Node JS, Typescript, Javascript, Redux, Postgres, Docker, Html, Css, Tailwind, Bootstrap

EDUCATION

Master In Computer Applications

North Maharashtra University, CGPA 7.85/10

Jalgaon, Maharashtra, India

08/2021 - 06/2023

Bachelor In Computer Science

Moolji Jaith College, CGPA 8.98/10

Jalgaon, Maharashtra, India

07/2018 - 05/2021
