KALPESH PATIL

Frontend Developer

@ kalpeshp@rbistech.com

SKILLS

React.js Next.js TypeScript

Tailwind Bootstrap HTML

CSS Node.js Postgresql

EDUCATION

Master In Computer Applications

North Maharashtra University

📅 2021 - 2023   📍 Jalgaon, MH

CGPA : 7.85

Bachelor In Computer Science

Moolji Jaith College

📅 2018 - 2021   📍 Jalgaon, MH

CGPA : 8.98

STRENGTHS

⚡ **Coding Expert**
Proficient in React.js, Next.js

⭐ **Problem Solver**
Innovative approach to challenges

⭐ **Team Player**
Excellent collaboration skills

INDUSTRY EXPERTISE

Front-end develoment

Backend

SUMMARY

I am a passionate frontend developer specializing in React.js and Next.js. Eager to leverage my skills and creativity to build intuitive and high-performing web applications.

Dedicated to staying updated with the latest technologies and best practices, I am committed to delivering seamless user experiences.

EXPERIENCE

Software Engineer

RBIS Tech   📅 01/2023 - Present   📍 Pune, MH

Assisted in the development of web applications
- Collaborated with project leads and senior developers on 3 projects.
- Developed responsive web applications with Next.js for enhanced user experiences.
- Utilized Tailwind CSS to create visually appealing and modern UI designs.

Software Developer Intern

RBIS Tech   📅 04/2022 - 12/2022   📍 Pune, MH

Software Development Activities
- Learned to work with various software development tools and platforms.
- Developed interactive and responsive user interfaces using React.js to enhance overall user experience.
- Gained experience in version control using Git and collaboration on team projects.

PROJECT EXPERIENCE

Aerem Buyer

Aerem Finance
- React.js, Typescript, Bootstrap, HTML, CSS
- Aerem Buyer, a product of Aerem Finance, is a React.js and TypeScript-powered web application tailored for solar product buyers.
- This user-friendly platform making it easy for users to purchase and deal with solar products seamlessly.
- It offers enhanced user interfaces, optimal performance, and advanced features, redefining the way solar products are procured online.

Aerem Installer Platform

Aerem Finance
- Next.js, Typescript, Tailwind, HTML, CSS
- The Installer Platform is a web application designed for solar plant project companies, offering a sleek and modern user interface.
- It provides an all-in-one solution for managing every stage of solar projects, from lead generation and site surveys to proposal creation and loan management.
